Far West Print Solutions produces server order documents in many sizes, styles and configurations to suit the preferences of our customers. We designed the two styles shown below based on our years of service to the hospitality industry and the most commonly requested features.

Both styles are bound into books of 50 forms each with a perforation on each sheet for easy removal. Books feature a chip board back that forms a rigid surface that may be used without a separate holder and a heavy paper cover conceals all staples and the bound edge. Our books are convenient for your servers to use and will assist with order accuracy and guest satisfaction.

Form 04020 POS is our most popular and is **in stock** and available for **immediate shipment** in full carton (2500 orders/50 book) increments. Prices shown do not include shipping & handling charges or Illinois Sales Tax.
